

## 2718 – PeachCare for Kids Rebounds

<b>POLICY STATEMENT</b>	Policy Studies, Incorporated (PSI) will refer applications for PeachCare for Kids that are potentially Medicaid eligible to DFCS for review.
<b>BASIC CONSIDERATIONS</b>	<p>PSI reviews applications and either enrolls the applicant in PCK or makes a referral to DFCS. Referrals to DFCS are called “rebounds”.</p> <p>Any applicant who is Medicaid eligible is not eligible for PeachCare for Kids.</p> <p>The RSM Project is responsible for screening all rebounds for related cases in any program. Rebounds with related cases are forwarded to the appropriate county DFCS for an eligibility determination. All other rebounds have eligibility determined by the RSM Project.</p> <p>The disposition of the rebound must be reported back to PSI.</p>
<b>PROCEDURES</b>	
<b>RSM Project Responsibility</b>	<p>The RSM State Office receives rebounds from PSI. Each rebound will have a watermark date, which is the application date.</p> <p>RSM Team staff will screen rebounds for applicants who are active/pending in other cases, including TANF, Food Stamp and Medicaid cases. Those rebound that are active/pending in other cases are forwarded to the appropriate county DFCS office for disposition. All other rebound applications are registered and an eligibility determination made by the RSM Team staff.</p> <p>The Medicaid determination, approval or denial, is entered into the PSI system by RSM Team staff. This is called the “report back”. During the report back process, RSM staff can update income information. Other changes must be submitted by the Report-Back Special Changes Form found on the Medicaid.Forms Bulletin Board.</p>

**PROCEDURES**  
**(cont.)****County DFCS  
Responsibility**

The county DFCS will receive a rebound when one or more applicants listed have an active/pending case assigned to their county.

DFCS will receive the rebound application along with a STAT screen with notations regarding actions to be reviewed.

The application date is the watermark across the middle of the rebound application.

The DFCS worker will review for eligibility:

- If the rebound application contains applicants in a related active/pending FS/TANF case, an add-a-program for Medicaid must be processed. Documentation of CMD procedures is required for each applicant(s) not approved.
- If the applicant(s) are included in a related active/pending Medicaid case, DFCS must review each applicant(s) for eligibility considering all classes of assistance. Documentation of the CMD is required.

Upon completion of the eligibility determination for all rebound applications, DFCS must submit a bulletin board form found on Medicaid.Forms. The most appropriate of the following forms should be used:

- Approval
- Denial
- Special Changes

Information that must be updated/corrected in PSI to make the child eligible for PCK should be reported on the denial form:

- income updates
- child care updates
- name corrections
- SSN corrections
- Household composition corrections
