

POLICY STATEMENT

The Family Medicaid (other than LIM) Budget Group (BG) includes all AU members, household members who are financially responsible for the AU members, and other household members who are eligible to be included in the BG.

BASIC CONSIDERATIONS

In all Medicaid Classes of Assistance (COAs), only the AU members receive Medicaid upon approval of the application.

Budget Group Composition

- all AU members
- parents of BG children living in the home with the AU

- the legal spouse of a pregnant woman living in the home
- ineligible aliens who meet all eligibility requirements except citizenship and enumeration

- others who meet relationship requirements and who choose to be included.

The BG size determines the income limit(s) and, if applicable, the resource limit for a Family Medicaid COA. The incomes of all individuals in the BG are used to determine eligibility. The resources, if applicable to the COA, of all individuals in the BG are used to determine eligibility.

If a pregnant woman requests or receives Medicaid under RSM Pregnant Woman (PgW) Medicaid, the unborn child is included in the BG for the PgW case. The unborn is also included in the BG for an RSM child case if the pregnant woman requests or receives Medicaid under RSM PgW.

NOTE: The unborn child is not included in the BG if the pregnant woman is a minor requesting Medicaid under RSM Child Medicaid, or if the pregnant woman is only requesting Medicaid for her children.

BASIC**CONSIDERATIONS****Budget Group
Composition
(cont.)**

The BG size is increased accordingly if it is medically verified that the pregnant woman is carrying more than one fetus.

The reputed father of the unborn child living with a pregnant woman is included in the PgW BG **only** if he and the pregnant woman are married **or** he and the pregnant woman have a mutual child(ren), for whom paternity has been established, included in the BG. Refer to [Section 2640](#), Paternity.

Children in the same BG can have Medicaid eligibility determined under any Medicaid COA. The composition of the BG for each child does not change, even if each child's eligibility is determined under a different Medicaid COA.

EXCEPTION: Four Months Medicaid (4MCS) and TMA do not require the same BG composition. Refer to the appropriate section in Chapter 2100, Classes of Assistance.

An A/R may choose to exclude a child(ren) from a Medicaid AU and/or BG. An excluded child may be included in another Medicaid AU/BG of the same or different COA.

NOTE: The parent(s)' income cannot be allocated to meet the needs of an excluded child.

A child receiving Medicaid under Newborn coverage may or may not be included in another Medicaid BG, at the option of the A/R.

PROCEDURES

Follow the steps below to determine the composition of the Medicaid AU and BG:

Step 1 Determine the person(s) for whom Medicaid is requested.

Step 2 Include in the AU only those individuals in Step 1 for whom Medicaid coverage is available under any Medicaid COA. Refer to Chapter 2100, Classes of Assistance.

Step 3 Include in the BG the following individuals living in the home:

- the parents of any existing children in the AU/BG for whom paternity has been established

NOTE: Refer to [Section 2640](#), Paternity, if a legal father exists and the biological father is in the home.

- the legal spouse of a pregnant AU member.

PROCEDURES

(cont.)

Step 4

Determine if there are others who may be included, at the A/R's option in the AU and/or BG, such as the following:

- siblings or half-siblings
- other children living in the home who are within the LIM degree of relationship to an adult in the BG
- one non-parent adult relative who is a caretaker (aunt, uncle, grandparent, etc.) if there is no parent in the home.

If the sibling/half-sibling(s) or other children meet all eligibility requirements for the COA, include the child(ren) in the BG, at the A/R's option.

NOTE: If the inclusion of a child(ren) in the AU and/or BG causes financial ineligibility for another child(ren), consider the children in separate AUs. The separate AUs may be the same or different COAs. Repeat Procedure Steps for each AU/BG.

Step 5

If the sibling/half-sibling or other children do not meet all eligibility requirements for the COA, include the child(ren) in the BG at the A/R's option, to increase the income limit.

EXCEPTION: Children over the age limit for the COA cannot be included in the BG.

Include in the BG the parents of any children added to the AU/BG in Step 4. Include only parents living in the home with their children.

Exclude the following individuals from the AU and BG:

- SSI recipients
- parent(s) of a pregnant minor applying for RSM PgW
- the father of an unborn child **unless** he is married to the pregnant woman

NOTE: The father of an unborn child **must** be included in the BG of a pregnant woman if they have a mutual child in the BG, even if he is not married to the pregnant woman.

- a stepparent, unless s/he is the parent of biological or adopted children in the BG
- an individual who fails to apply for other benefits for which s/he may be entitled as follows.
 - If the potential benefit is for a parent, exclude the parent and everyone for whom s/he is financially responsible
- If the potential benefit is for a child, exclude the child only. The child may be included in the BG at the A/R's option.

PROCEDURES
(cont.)**Step 5**
(cont'd)

- a minor sibling/half-sibling who is voluntarily excluded by the A/R from another AU and/or BG to avoid consideration of the child's income and/or resources.

Step 6

Exclude the following individuals from the Medicaid AU, but **include** them in the Medicaid BG:

- an adult who fails to cooperate with CSS or TPR requirements

NOTE: A child is **never** excluded from the AU because of an adult's failure to cooperate with CSS or TPR.

- an individual who does not meet the citizenship or eligible alien status requirements

EXCEPTION: EMA

- an adult who fails to cooperate with the enumeration requirement for him/herself.

EXCEPTION: An individual who is not a citizen or an eligible alien is **not** required to meet the enumeration requirement.

Use the following chart to determine composition of the AU and BG:

NOTE: The terms **minor** and **child** used in this chart include 18 year olds who are eligible for Medicaid.
